different Villa Park homes. We love Villa Park and can't understand anyone who doesn't!

We had no 2-legged children, but adopted many 4-legged (and one 3-legged amputee) rescue animals over the years who filled our home with much craziness and endless love. For better or for worse, we are now down to one dog and one cat!

Tell us about your career path: (Limit to 100 words)

After graduating college, I went to work in the financial services industry, where I spent my entire professional career. I was a licensed stockbroker, working at JPMorgan Chase & Co., Charles Schwab & Co., and The Chicago Corporation. I retired full-time in 2018 and part-time a few years ago.

Since retiring, I have tried my hand at house-flipping. I am down to my last project which is on the market now. Hopefully, it will be sold soon and I will then be officially retired from everything remotely resembling work!

Have you retired? What are you doing now:(Limit to 100 words)

I'm retired, but my husband still works.

We spend much of our time on the Gulf Coast at our home in Biloxi, MS that we bought 2 years ago. It's peaceful, and not many people down there. No snow, ice, or wind chill, and only 110 degrees in July!

Add anything else you would like to share with the class:

Saturday night ended far too soon and there were many friends who we missed reconnecting with. Sure hope to make up for that at the next reunion. Let's do it again, and soon!

To my dear friends, thank you for the cherished memories. You are all so beautiful!!
