Do you have a favorite teacher that made an impact on your life, and how? (Limit to 100 words)

I have two favorite teachers: Mrs. Alice Joan Christian and Mrs. Alice Sholty. I had each of the for two classes: Introduction to Cooking and Foreign Cooking and Introduction to Cooking and Sewing. I had no interest in either of these subjects. My stepmother demanded that I learn to cook and sew. The skills I learned I have used almost every day of my life. They both were disciplined and demanding and I learned more than just cooking and sewing.

I put myself through college and graduated with academic honors. I began working fulltime prior to graduation and continued to do so for 40 plus years. I married and after over 20 years became a divorcee. I have two adult children. There were the milestones of raising children: education, vacations, graduations, marriages, and grandchildren. There were challenges such as illness, disease and death events. I involved myself with various community organizations and events. I became involved in local politics and ran for a countywide office. I have traveled to a variety of European, Caribbean, Central American, North American countries plus New Zealand. In addition, there have been trips to various areas of the United States. I am retired and wonder how I ever had time to work fulltime.
